World's Greatest Aquatic Adventurers Nominated for the 2011 World Open Water Swimming Performance of the Year

Huntington Beach, California, U.S.A. – Nominations for the annual World Open Water Swimming Performance of the Year were announced today by Open Water Source. There include an eclectic group of solo swimmers, relay members, administrators and aquapreneurs who sought challenges in 14 countries in oceans, lakes, seas and bays of the world. These heroes and heroines of the open water were selected among the millions of athletes in the fastest growing sport in the world. Their stories, their exploits and their lifestyles are extraordinarily inspirational as they are all passionately attracted and committed to a sport inherent with risks, challenges and beauty.

These awards not necessarily for the best athletes, but are meant to honor the individuals who (1) best embody the spirit of open water swimming, (2) possess the sense of adventure, tenacity and perseverance that open water swimmers are known for, and (3) have most positively influenced the world of open water swimming in 2011.

Online voting is available at www.openwaterswimming.com from November 1st to December 31st. The winner will be announced on January 1st and honored at the Global Open Water Swimming Conference.
